

I would just like you to know that adding our number to the no call list was one of the best things that has happened to us. We would get up to 5-6 calls per night (not counting the ones during the day) and now we may get 1-2 every other week. It has made our life much easier...we no longer have to hang up on people who will not take noo thank you and I am not interested for an answer.

THis has been an extremely beneficial program to the every day consumer...I hope that this remains in place because it is a great program.

Thank you for your time.
